C2000

2D Industrial Hands-free Platform Scanner

Healthcare

Logistics

Manufacturing

Retailing

C2000 can quickly and easily scan all kinds of printed barcode and mobile phone screen barcode, with sensitive induction module for fast induction and fast reading barcode. It optimized for many industries, such as Retail, logistics, Manufacturing, Medical store, Warehouse and other fields of applications.

TECHNICAL SPECIFICATIONS

Performance Parameters

Image sensor	CMOS
Resolution	640x480 pix
Decode capability	1D: UPC/EAN, Code 128, Code 39, Code 39 (Full ASCII), code32,Interleaved 2of 5, Matrix 2 of 5, Discrete 2 of 5, Codabar, Chinese 2 of 5, China Postal Code, GS1 DataBar, etc. 2D: PDF417, Micro PDF417, QR code, Micro QR, Data Matrix, Aztec, etc.
Scan Angle	±360°, ±70°, ±65° (Roll, Skew, Pitch)
Scan precision	≥4mil
Depth of field	20-650mm
Print contrast	≥20%
Prompt mode	Buzzer, LED indicator light
Interface	USB, USB-COM
Trigger mode	Auto-induction scanning
Setting method	Scan configuration barcode
Current and voltage	160mA (standby), 270mA (working), 5VDC±10%

Physical Parameters

Over dimension	L X W X H (103x105x150mm)
Weight	265g
Material	ABS+PC environmentally friendly materials

Environmental Parameters

Working temperature	-20°C to 50°C
Storage temperature	-40°C to 60°C
Anti-drop	1.5m
Humidity	5% to 95% RH
IP grade	IP54
Circumstance luminance	0-100,000Lux

- ## Excellent Identification Ability

  High performance scanning module, with superior wide field-of-view, omni-directional scanning capability.

- ## Automatic interface detection

  Enable the scanner to configure appropriate interface once connected, avoid the tedious task of scanning programming

- ## Convenient and Comfortable Operation

  Fashionable, small and ergonomics design to provide superior operation experience, save room and boost work efficiency.

- ## High Quality

  Adopt high quality wires and inflaming retarding materials with the international standard, recyclable and practical shell to protect the device.
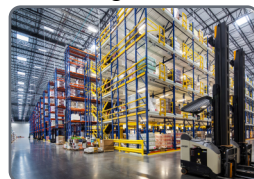

- ## Industrial Grade Durability

 IP54 industrial grade, no worry operate device in dust and moist circumstances.
